Veterans Benefits Administration
Connecting With Those We Serve
Four Goals for Today’s briefing:

- Provide an overview of Veterans Benefit Administration (VBA)
- Outline the eligibility criteria to VA Benefits
- Identify VA benefits Programs available to disabled Veterans
- How to apply
VBA has Seven Services

- Benefits Assistance Service
- Compensation Service
- Education Service
- Vocational Rehabilitation & Employment Service
- Loan Guaranty Service
- Insurance Service
- Pension and Fiduciary Service
Mission

To serve as advocates for Veterans, Servicemembers, eligible beneficiaries and other stakeholders, to ensure they are knowledgeable and informed about accessing and receiving VA benefits and services.

Vision

To be the premier outreach organization for Veterans, transitioning Servicemembers, their dependents, and stakeholders that interface with VBA; to proactively provide information and knowledge about VA benefits and services, in a positive 21st century experience that is consistent, concise, and relevant.
Compensation Service
What is a Veteran?

- A Veteran for VA disability compensation purposes is a person who served federal active duty and was discharged under other than dishonorable conditions.

- VA also considers individuals who are disabled or die from an injury incurred or aggravated in the line of duty during active duty for training or inactive duty for training as Veterans.

- For Veterans with an other than honorable discharge, VA will provide an administrative decision to determine if the Veteran’s service is considered “honorable for VA purposes”.
Disability Compensation

What is it?
Service-connected disability compensation is a tax-free benefit paid to Veterans for a disability that arose during service, was worsened or aggravated by service, or is presumed by VA to relate to military service.

Who Qualifies?
A typical beneficiary for disability compensation is a Veteran who became injured physically during service or has psychological issues related to service.
The three main groups that are eligible for VA benefits are:

- Veterans,
- Servicemembers, including National Guard and Reserve members, and
- Dependents and Survivors of Servicemembers or Veterans.
Eligibility for Disability Compensation

- **Direct** — Veteran’s current disability resulted from an in-service injury, disease, or incident and there is no evidence of pre-service incurrence (ie TBI, loss of limbs, a disease first diagnosed in service, etc)

- **Aggravated** — A pre-existing condition that becomes worse in service unless medical evidence shows the increased severity is due to natural progression. (ie: preexisting joint condition that gets worse due to repeated use in service)

- **Secondary** — A new condition that is caused by a previously established service connected condition.

- **Presumptive** — A condition that is presumed to be service connected if the disability manifested to a degree of 10 percent or more within applicable time limits (38 CFR 3.309)
Additional Benefit Information

• Special Monthly Compensation
• Clothing Allowance
• Automobile Allowance/Adaptive Equipment
• Specially Adapted Housing/Special Home Adaptation Grants
**Clothing Allowance:** Annual payments for Veterans whose service-connected condition requires treatment (e.g., orthopedic appliance, skin cream) that irreparably damages outer garments.

- Additional clothing allowance per prosthetic or orthopedic appliance, or medication that affects more than one type of clothing garment.

**Automobile Allowance:** A *one-time allowance* to purchase an automobile or conveyance. (New or used automobile or other conveyance)

- Automatically qualifies for adaptive equipment

**Adaptive Equipment Allowance:** May be paid *more than once* for adaptive equipment to accommodate certain severe service-connected disabilities.

**Specially Adapted Housing (SAH)/Special Housing Adaptation (SHA):** Helps Servicemembers and Veterans with certain severe service-connected disabilities purchase, construct, or modify a home to accommodate the disability.
Pension & Fiduciary Service
What is Veterans Pension?
Pension is a needs-based benefit paid to wartime Veterans who meet certain age or non-service connected disability requirements.

Eligibility Requirements

• Income is below the yearly limit set by Congress
  • As of December 2013 - $12,652 (Veteran no dependents)

• Veterans must have at least 90 days active duty, including one day during a wartime period

• After September 7, 1980, Veterans must have served at least 24 months or the full period called to serve.

• Age 65 or older with limited or no income
The VA Fiduciary Program provides oversight of VA’s most vulnerable beneficiaries who are unable to manage their VA benefits because of injury, disease, the infirmities of advanced age, or under 18 years of age. To help protect beneficiaries’ financial interests, VA appoints fiduciaries who manage VA benefits for these beneficiaries. VA also conducts oversight of VA-appointed fiduciaries to ensure that they are meeting the needs of the beneficiaries they serve.

What is a VA Fiduciary?
A VA Fiduciary is an individual or entity appointed by VA to receive VA benefits on behalf of a beneficiary for the use and benefit of the beneficiary and his or her dependent (38 U.S.C. § 5506).

**Fully Developed Claim (FDC) Program**

- The Fully Developed Claims Program is an optional program that enables Veterans and their families to:
  - Submit all evidence and medical records (both private treatment records and records available at a Federal facility) at the time of claim submission, and
  - Certify he or she has no further evidence to submit.

- When an FDC is filed, VA is able to expedite the claim which:
  - Benefits the Veterans,
  - Decreases the amount of time VA spends developing a claim, and
  - Contributes to reducing the claims backlog.

- Since the FDC Program began nationwide in June 2010, VA completed more than 75,000 FDC claims, and the percentage of Veterans using the FDC Program instead of the standard process continues to rapidly increase.

- Learn more about the FDC Program here: [http://www.benefits.va.gov/fdc/](http://www.benefits.va.gov/fdc/).
Who can file an FDC?

Veterans and their dependents or survivors can file an FDC, per the following chart:
