RRV Program and Performance Outcomes

Reaching Rural Veterans Mission

Mobilize rural communities by improving access to and quality of care through innovative outreach with faith-based food pantries.

Reaching Rural Veterans Mission

Nourish: Veterans and their families are nutritionally and spiritually nourished and become more aware of resources and connections within their community.

Reaching Rural Veterans Strategic Goals

- Strengthen the communities capacity to provide food, services and resources to Veterans in rural areas (primary goal)
- Enlighten local faith communities, food pantries, and other community organizations about Veteran families

Reaching Rural Veterans Strategic Goals

- Engage local faith communities and community organizations in providing support and assistance to Veteran families
- Educate Veteran families in rural areas about nutrition, preventative care and healthy lifestyle changes.
